Message from your President...

Dear Members,

I would like to welcome everyone back and hope that you look forward to the upcoming year. I would like to take a moment to recognize and thank last year's board for the outstanding job they performed and I am confident that your new board can do the same for you this year. Your new board has been working diligently over the summer to make this year's program an exceptional one. For example, the Programs Committee has been busy planning exciting, educational programs, which will be communicated on the last page of your Databyte. In addition to the monthly chapter dinner meetings, we will again be working with the Detroit Chapter Institute of Internal Auditors to offer a Spring Seminar in March, 2003. I hope you will join us at as many monthly meetings and seminar classes as you can during the next nine months.

The Detroit Chapter has been awarded ISACA International's 2001 Bronze Award for our website. If you have not had a chance to view our website, I encourage you to visit it at www.isaca-det.org. We will continue to work at improving this website to meet the needs of our membership. Also, for your convenience, you may register for dinner meetings through our website by selecting "Register for Next Meeting" from the home page.

Beginning with next month's President's Message, each issue will provide you with more background about a selected committee in order to communicate their activities, along with the contact information for the chairperson. If you would like to become involved with that committee, now or in the future, please feel free to contact me or the committee chairperson for details. My hope is that this information will prompt feedback and participation so we can continue to build on the value provided to the members.

The board is here to serve the membership, if you have any suggestions on how to improve any of the programs that we offer or to provide a new program, please contact Mike Stolarczyk, myself, or any of the board members listed on the front page of this newsletter. We would be happy to help and look forward to hearing from you.

Carrie Schrader
Chapter President

"Securing Your Wireless Network."
